Meet the Club's Committee – Member – Vincent Riding

- I have been a member of the committee for *The National German Pinscher Club* since the beginning of 2017.
- I've always had dogs in my life German Shepherd, Springer, Lurchers, some pedigree, some Heinz 57 and some rescue.
- A friend of ours got us interested in the showing aspect of owning a pedigree dog.
- Before I jumped in I spent almost a year researching the right kind of dog for us.
- I'd always liked the idea of owning a Dobermann but as a family we felt it would be too big of a dog.
- By this point, I had been impressed by the Aritaur web site, noting that Jay also bred German Pinschers.
- I liked the 'look' of her dogs and her belief in health checks to ensure good breeding had me sold on the idea that this person was the right choice.
- After meeting Jay and her pinscher (Fiji) at the Blackpool show in 2015 we all agreed that this would be the dog for us. Because it's a relatively rare breed we then had to be patient until a puppy came along.
- Along came 'Belle' Sept. 2015 from the wonderful Calvaxar Kennel (Cindy & Ben).
- We then spent the next year touring around Britain showing and holidaying at the same time culminating in qualifying for Crufts 2017.
- What a brilliant experience. We continue to tour Britain with Belle and our other dog Tia (Lurcher).

- There is never really a dull moment with a pinscher!! – can you spot the nose?
